## AFTERNOON TEA • \$40

Created in the mid-19th century by Anna Russell, Duchess of Bedford, as a way to sate the appetite between the midday and evening meals, afternoon tea is a truly British experience that deserves to be enjoyed any time of the day. Afternoon Tea includes a pot of tea and the following:

**Cucumber Sandwich – Autumn Chicken Sandwich – Leek & Potato Quiche  
– Currant Scone with Clotted Cream & Strawberry Jam – Caramel Apple  
Tart – Pumpkin Danish – Masala Chai Shortbread – Macaron**

## HIGH TEA • \$32

While it is often used interchangeably with afternoon tea, high tea is actually a separate meal traditionally consumed in the evening. It focuses on savoury over sweet. While it is usually associated with the working class, high tea is enjoyed across the social strata, and it makes an excellent lunch. High Tea includes a pot of tea and the following:

**Cucumber Sandwich – Autumn Chicken Sandwich – Leek & Potato Quiche  
– Fig Jam & Goat Cheese Sandwich – Sausage Roll – Cheese & Sage Scone  
with Herb Butter**

## WEE TEA • \$34

A lighter version of afternoon tea for children 13 and under that still includes all the sweets. Wee Tea includes a pot of tea (or hot chocolate!) and the following:

**Cucumber Sandwich – Sausage Roll – Mini Chocolate Chip Scone with  
Clotted Cream & Strawberry Jam – Caramel Apple Tart – Pumpkin Danish  
– Masala Chai Shortbread – Macaron**

*Please note that our menu may change based on market conditions and availability. Your server will inform you if an item is unavailable and its substitution.*

## ADD-ONS & EXTRAS

### ADD-ONS

#### **Blueberry Lemon Cake – \$6**

Featured in national publications, our famous cake is made with blueberries, lemon zest, and a cream cheese frosting.

#### **Victoria Sandwich Cake – \$5**

Strawberry jam and buttercream sandwiched between two moist spongecakes.

#### **Rock Cake – \$4**

Like a scone but much sweeter and more buttery. Looks like a rock but doesn't taste like one!

### SCONES

*Ask your server for our current selection*

#### **Sweet Scone – \$4**

#### **Mini Scone – \$3.50**

#### **Savoury Scone – \$5**

#### **Clotted Cream & Jam – \$3.50**

#### **Herb Butter – \$1**

#### **What is clotted cream?**

It's difficult to describe clotted cream as there isn't anything quite like it in the US. Think of it as a lighter, sweeter, and creamier version of butter. We import our clotted cream from the UK to get as close as possible to a true English tea experience.

## DIETARY OPTIONS

We offer vegetarian, vegan, and wheat free options for all three of our teas. There is an up-charge of \$4 for wheat free and vegan teas. Please note that our menu may not match the items listed on the previous page. Ask your server for the current selection.

We do not have a nut-free option at this time. Our kitchen handles tree nuts, gluten, and dairy. Because there is a possibility of cross-contamination, we cannot accommodate customers with severe allergies.

## TEA CHOICES

Afternoon Tea, High Tea, and Wee Tea come with as many pots of tea as you can drink. Choose from our selection of black, green, white, pu'er, oolong, and herbal teas, including our current seasonal blends. We are not able to substitute wine or cocktails for the pots of tea. Each customer is limited to one pot of tea at a time.

*Pricing is per person. We do not allow splitting a tea.  
Checks can be split between up to four payment methods.  
Parties of eight or more will have a gratuity of 20% added to their bill.*

## SIGNATURE DRINKS

## SEASONAL TEAS

### Lulada Green

A tea-based take on a traditional Colombian drink that's made from lulo fruit, lime, sugar, and water. It has a sublime mix of sweetness and tartness backed with the medium body of a lightly vegetal green tea.

### Coconut Black

A strong black tea blended with real coconut, it has a much more pronounced flavour than our greener Coconut Oolong. The black tea base has a slight floral fragrance to it, which pairs excellently with the natural sweetness of coconut.

### Pumpkin Harvest

It's that time of year where the pumpkin takes over. Pumpkin Harvest has a similar flavor to the ubiquitous pumpkin spice while still being unique enough to stand out from the crowd.

### Valerian Dream

Historically used for its calming properties, Valerian root makes a wonderful tea for when you need to push pause on life's many anxieties. Valerian is bitter on its own, which is why we blended it with other herbs (and a bit of dried strawberry) to make a delicious herbal infusion.
